***WHERE AVIATION  
MEETS BUSINESS  
INNOVATION.***

*PRODIGY AVIA SOLUTIONS offers high quality professional advice, project management oversight, guidance on all matters relating to airline operations and regulatory compliance.*

# OUR COMPANY

*Professional services of the highest standard within your reach.*

PRODIGY AVIA SOLUTIONS is an aviation consulting company established in London (UK) with representations in Lagos (Nigeria) and Douala (Cameroon).

We provide strategic solutions to your challenges in a complex environment. Our team of professionals has a first hand, unparalleled experience and expertise on the African Aviation Business and thus, can help in modernizing your business and making it sustainable.

## PROFESSIONALISM

1

Professionalism and integrity are at the heart of our business. We always make sure that we act in your best interest with the utmost efficiency and effectiveness.

## FLEXIBILITY

2

We fully embrace the importance of adapting our operations to your specific needs, as every business is unique.

## CONFIDENTIALITY

3

We respect the confidential and sensitive nature of all our business mandates. You therefore can confide in us.

## Our Mission

Combine the wealth of expertise gained from a noteworthy career in aviation and pass it on to our clients, allowing them to develop best practices and grow in their own business endeavours.

## Our Values

Our core values define us as a corporation – and as individuals. Commitment and Dedication to our customers is our business principles.

# OUR TEAM

---

*Experienced and dedicated professionals from the aviation and management consultancy industries.*

Our cross functional team is composed of highly experienced and passionate professionals, with global exposure in the aviation and consultancy realm, who are experts in their respective fields, possessing the requisite skill sets to offer you, our esteemed client, the best possible advice and assistance.

Our commitment and dedication to your satisfaction backed by the friendliness and motivation of our team members is what distinguishes us from the crowd.

**WE SUPPORT YOUR JOURNEY  
TO SUCCESS.**

# OUR SERVICES

*A complete and integrated range of operational services.*

Our broad range of aviation consulting services is tailored to meet your business needs.

## Aviation Industry Advisory

Your business is unique, so are your challenges. We therefore develop and implement high impact strategies, tailor-made to meet your business needs.

## Market Intelligence

To ensure accuracy and reliability, our market analysis and projections are data driven. We employ the use of reliable industry data sources and state of the art market intelligence tools.

## Flight Crew Leasing

We provide instant access to a vast number of suitably skilled flight crew covering a broad range of aircraft types.

## Simulator Solutions (IFlySim)

*Professional simulators available to the general public.*

Our simulator programmes are designed to serve several functions:

- Assessments,
- Psychometric Testings,
- Flight Tutoring,
- HR Tool for human capacity development,
- Discovery flights and more...

The simulator has access to all airports worldwide, all types of weather and live air traffic control, immersing users into a real-life experience.

The development plan includes expansion to Nigeria, Ghana, Ivory Coast, Senegal, Ethiopia and Rwanda.
